Netflix Architecture: Destroying Servers with Chaos Monkey

Why Netflix intentionally kills its own production servers during peak streaming hours!

1. Live Global Streams

Business hours ke dauran bot randomly production microservices kill karta hai taaki engineer hamesha ready rahein.

```
# CHAOS INJECTION
Business hours के दौरान bot randomly
production microservices kill करता है ताकि
engineer हमेशा ready रहें।
```

2. Chaos Monkey Daemon

Agar ek pura AWS region bhi down ho jaaye, toh DNS do second mein sara traffic dusre region divert kar deta hai.

```
# AUTO HEAL
अगर एक पूरा AWS region भी down हो जाए, तो DNS
दो second में सारा traffic दूसरे region divert
कर देता है।
